

THEMATIC WINE TASTINGS

For your wine selection, our Cellar wine list is at your disposal and several thematic are available:

1. INITIATION TO WINE TASTING: AROUND FRANCE IN ONE EVENING

Depending upon their birthplace, French wines can take on a myriad of mantles. We would like to invite you to come and discover some of our regions' jewels: a moving Crozes Hermitage, the last Corsican pearl, a little nugget from the Loire valley... This initiation option is a wonderful introduction to the art of wine tasting.

2. "VERY BUBBLY" WINE TASTING

Bubbles enrich all your celebrations and energise wine tasting. Come and discover some great vintners' Champagnes and other prestigious sparkling wines. The famous sparkling Vouvray from the Clos Naudin, an Anselme Selosse creation, the Bollinger's Vieilles Vignes françaises... and these wines will be further augmented when savoured with a Comté skilfully ripened or an Ossetra caviar.

3. ON THE TRAIL OF GREAT AND RARE WINES

For a memorable evening, come and savour these iconic wines which have long fed many an enthusiast's dreams: the domains of Comte Liger-Belair, Comtes Lafon and Guigal, the castles Rayas and Haut Brion... Great regions such as Burgundy, the Bordeaux region or the Rhône Valley look forward to welcoming you.

4. THE CELLAR LIST "READY-TO-USE"

A "tailor-made" wine tasting designed to satisfy your very wishes. Imagine yourself on a journey through our cellar, walking down rows of sleeping bottles : a Chambertin from Domaine Rousseau, a Jean Louis Chave's great vintage of white Hermitage, a mature Chateau Yquem... Everything is possible.

5. WORLD TOUR

There are thousands of grape varieties and, over time, some have become famous beyond their borders. A same grape evolves to take on the characteristics of its soil and the vintner who works it. Come and choose one of the two "world tours" we offer:

- Follow the same grape variety through several countries and sample its diverse expressions. For instance, the Syrah of the Northern Rhône Valley: first the more suave one grown on the Australian hills or in California, and then another more floral variety from South Africa.

- Discover local and unique grape varieties which epitomise the richness of vineyards from around the world. An Arvine by Christophe Abbet in the Valais region, a Nebbiolo by Giacomo Conterno in the Piemonte, a Hungarian Furmint from the István Szepsy vineyard: come and travel into the discovery!

6. GREAT MATCHES

An obvious and sometimes unusual encounter between a particular bottle and a plate makes for a happy marriage. As experienced by Proust with the madeleine, a perfect match can trigger deeply embedded memories which further heighten enjoyment.

In collaboration with our chefs, we offer two pathways that can realise this match:

- From the glass to the plate: which dish can be the perfect reply to a great Barolo or a vintage Champagne? A haunch of tender veal or a mature Parmesan?
- From the plate to the glass: which wine can match a sliver of truffle, some young spears of asparagus or a refined cheeseboard? To ensure a particularly scrumptious marriage, these could be paired respectively with an evolved Silex by Didier Dagueneau and a Clos des Ambres Meursault by Arnaud Ente.
